

Community Service

Giving back to the community is an important role of any leadership group. This giving back help mold well rounded citizens.

Students have the opportunity to participate at the local, state and national level in community service projects. These projects help student to understand the importance of being part of a community of people.

We provide opportunities in:

Community Service

Leadership

Professional Development Program

Work Force Ready System

Career Skills Education Program

Student2Student Mentoring

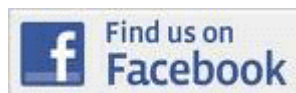

CareerSafe

2012 National Automated Manufacturing medal winners from RW Croteau Center - Rochester

SkillsUSA's mission is to help its members become world-class workers, leaders and responsible American citizens.

SkillsUSA is an applied method of instruction for preparing America's high performance workers in public career and technical programs. It provides quality education experiences for students in leadership, teamwork, citizenship and character development. It builds and reinforces self-confidence, work attitudes and communications skills. It emphasizes total quality at work high ethical standards, superior work skills, life-long education, and pride in the dignity of work. SkillsUSA also promotes understanding of the free-enterprise system and involvement in community service.

Summer and Fall Leadership Events

Each summer, SkillsUSA—NH student officers participate at the Summer Leadership training along with students from all the other 6 Career Technical Student Organizations in NH.

During the month of November, chapter officers and members gather for a one day leadership training event. Students learn what the organization is about, what it can offer them and how to lead and direct chapters in their own schools.

Personal Development

State Skills Conference

Every March, student from around the State compete against students from other schools in New Hampshire to find the best in each of their chosen career fields.

This day long contest test the student in technical skills as well as knowledge of the SkillsUSA organization. Medals are awarded for first, second and third place winners in each contest area. Many of the contest also award scholarships to multiple colleges and universities.

National Organization Affiliation

SkillsUSA serves more than 320,000 students and instructors annually and answers the call of American industry by helping to produce better-prepared employees for the technical workforce. The organization has 13,000 school chapters in 54 state and territorial associations. More than 16,500 instructors and administrators are professional members of SkillsUSA.

2012 National Carpentry Silver medal winner from Manchester Community College

National Skills & Leadership Conference

First place winning students from the State Skills Contest are eligible to compete at the National Skills Conference held every June representing their State.

This week long event gives these technical education students the opportunity to meet new friends, attend TECSPO, the Nations largest technical education exposition as well as compete in their chosen field. Awards are given for 1st, 2nd and 3rd place winners in each area.
